

Production Notes

- The Mark Wood Fun Show is an interactive program, therefore children are encouraged to sit on the floor or in chairs, starting 3 feet from front of stage. Adult seating should be set up directly behind this space.
- A sound system and microphone is provided by the artist for audiences of up to 600 persons. One 110 volt electric outlet is required.
- Performance space: A 16' wide by 8' deep stage/platform with backdrop is requested. Front or side steps are required for platforms higher than 14".
- Because of the nature of the show, it is best seen from the front - *any type of side or rear seating is not recommended.*
- General stage or room lighting is requested.
- Artist needs parking space next to the closest stage entrance door.
- Two bottles of cold water is requested for the artist prior to performance.
- Set up time - Approximately 45 minutes.
